"On-site" service (Greater Vancouver) If you choose our On-site service, we scan and score the exams right on your premises and provide the results to you on the spot. (All we need is a desk and a power outlet.)

Free item analysis and statistics (in Excel) We provide free statistical results in regard to both the performance of the exam and each exam item, and will review these with you if needed.

(Note: At times this can reveal an error in the exam's original answer key. If this is the case, let us know and we will fix it for you and re-score your exam at no charge!)

Free digital record (PDF) We will provide you with a high-quality digital scan of your exams in PDF format (double-sided), allowing you to archive or shred the originals.
